1. Guide to Developing Policies and Procedures

1.1 About this Guide

This guide contains information regarding the development, approval and maintenance of policies and procedures for the Municipality of Crowsnest Pass.

The policies and procedures that are approved will become part of the Municipality's Policies and Procedures Library. A hard copy will be maintained by the Department of Legislative Service's Office and an electronic version will be accessible for viewing at www.town.crowsnestpass.ab.ca

For Municipal policies and procedures to be consistent and relevant, it is recommended that staff follow the guidelines set out in this reference manual. For staff use, policy and procedure templates will be available on the Municipality's intranet site.

Clarification and/or assistance is available through the Department of Legislative Services.

1.2 What is a Policy / Procedure?

Policy forms the written basis of operation, secondary to legislation and bylaw, which serves as a guide to decision-making, proscribes limits and assigns responsibilities within an organization. Policies are often viewed as rules related to the overall mission, goals and objectives of an organization.

In general, a policy is a guiding or governing principle. Policies, and any amendments, must be approved by Municipal Council through resolution.

A Municipal policy will meet the following criteria:

- . Has broad application throughout the organization.
- . Helps to ensure compliance with laws and regulations while improving efficiency.
- . Enhances the Municipality's mission and operating philosophy.
- . Mandates specific action or constraint and contains procedures for compliance.
- . Subject matter requires Municipal Council's review and approval.

If a policy fits these criteria, it is a policy. If it does not, it is an administrative directive.

Procedure gives directions according to which operations are conducted within the framework of policy. It is a series of steps that outline sequences to be followed in the implementation of policy.

Procedures, and any amendments, must be approved by the Chief Administrative Officer. Any relevant instructions and/or forms are to be attached to procedures.

1.3 General Guidelines

A standard, yet flexible, template will ensure consistency is maintained throughout all Municipal policies and procedures (template available on Municipal intranet).

Arrange all details of the policies and procedures in a clear and logical manner that readers can easily assess at first glance. The writing style should stress clarity, consistency and simplicity.

Group the information being presented into subjects. Use bold headings to identify sections. Use numbers and indents to itemize steps or show a chronological progression. Avoid repeating the same information.

2. Policy

2.1 Numbering

Each policy will be assigned a policy number by the Department of Legislative Services. The numbering will be as follows:

- 1000 –1099: Administration

- 2300 –2399: Public Works

Each policy number will be followed by a two digit number signifying whether the version is the original “01”, or subsequent revised versions (i.e. 02, 03, etc.). For example, the first policy in “Administration” is numbered 1001-01, if a revised version is approved at a later date, it will be numbered 1001-02.

2.2 Title Block

The first page of each policy is to contain the following title block:

	<h1>Municipality of Crowsnest Pass Policy</h1>
<p>Policy No.: Policy Title: Approval Date: Revision Date: Department:</p>	

2.3 Content

In addition to the Title Block, each standard policy shall contain at least the following three headings:

Policy Statement is an expression of the intent, or a description of what we are doing:

- Summary of people’s actions.
- Who should follow policy.
- When policy applies.
- Major conditions or restrictions.

Reason for Policy refers to why we are doing it:

- Legal or regulatory reasons.
- Description of conflict or problem the policy will resolve.
- Recognizes the legitimate interests of all parties.
- Overall benefits.

End of Policy is self-explanatory.

In addition to the basic headings required above, a policy may include one or more of the following headings:

Related Information will list only information that is in the policy, such as:

- Related Municipal policies.
- Documents required to complete the procedures.
- Documents that provide helpful, relevant information.
- Provincial statutes, regulations or bylaws.

Exclusions list any locations, organizations, funding sources or job classifications that are excluded from the policy.

Definitions will only be used to describe unique terms that, by being defined, will add to the reader’s understanding of the basic policy.

- . Define unfamiliar terms or technical terms.
- . Define terms with special meaning.
- . List terms in alphabetical order.

Special Situations contain information about important circumstances that affect only a few people or circumstances that occur infrequently. These items will be listed in order of importance and, if applicable, they may include procedures relative to the special situation.

Responsibilities will summarize the duties of any person, group or organization participating in the given policy. It will also refer to the scope of the authority vested in a group or individual.

Appendices will contain lengthy or complex reference information that would otherwise disrupt the flow of other sections.

3. Procedure

3.1 Title Block

Each procedure will include the following Title Block:

	<h2>Municipality of Crowsnest Pass Procedure</h2>
<p>Policy No.: Policy Title: Department:</p>	

3.2 Content

Procedure describes a chronological series of interrelated steps and will:

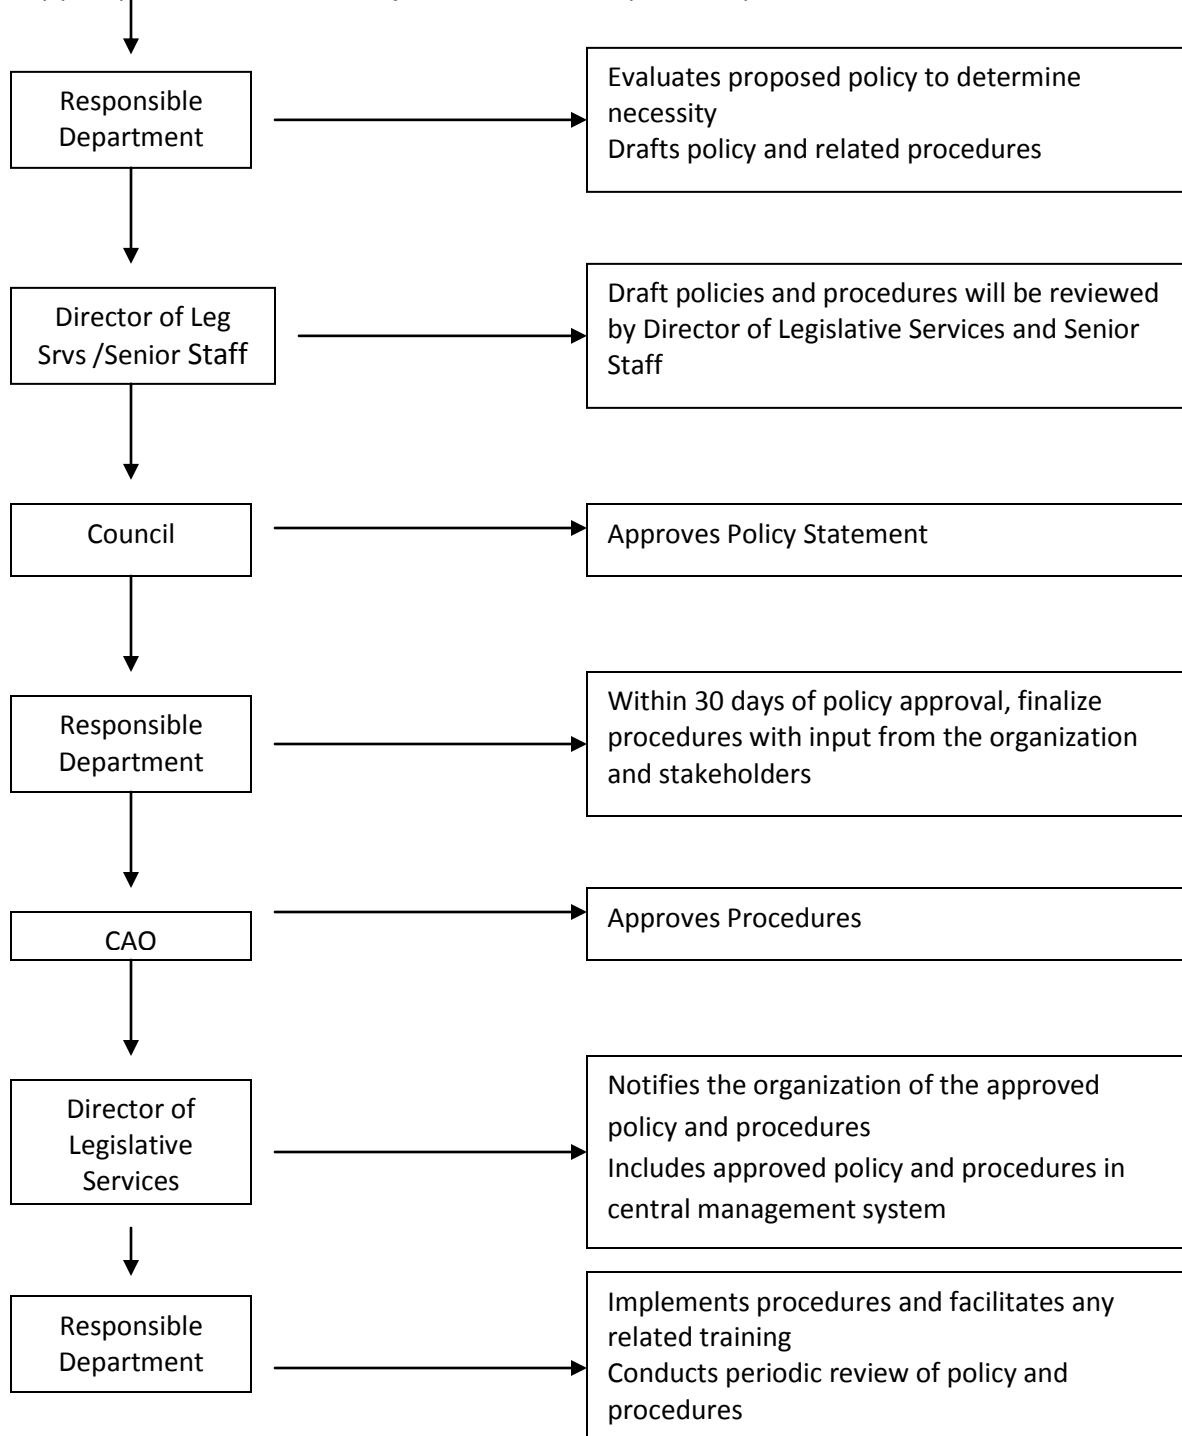

- List steps to follow in order to comply with the policy.
- Usually be divided into sections marked by indented headings.
- Use an introductory section for complex procedures or those with options.
- Clearly identify cautions or warnings.
- Refer the reader to:
 - Related documents;
 - Related appendix entries;
 - Relevant Special Situations.
-

3.3 Approval

Procedures must be submitted to the C.A.O. for approval within 30 days following a policy being approved by Council.

4. Policy / Procedure Development Process

Need for Policy / Procedure: Anyone can identify issues that may require a policy and procedure, but every policy should fall within the jurisdiction of one specific department.

5. Writing Tips

Because policies are written for a diverse audience, they must be complete yet simple and easy to read. A policy is NOT a law and a lawyer should not be needed to interpret it.

Select your words carefully. Words like should and may imply a choice. For example,

“Staff should not smoke in the Municipal Office”.

This means they should not smoke but it is acceptable if they do.

Always attempt to use as few words as possible to state a case. For example,

“All staff must....”

The word “all” is redundant. Simply using “staff” implies all unless an explanation is given.

Do not use long words when short words will do.

Don't Use	Use

attempt	try
