

Municipal Clean-up

The Municipality provides several services and programs to keep our community clean. We ask everyone to please dispose of their waste properly.

What Can I do to Help?

Residents are encouraged to help out by simply picking up litter and debris in and around their own property. Litter or garbage on private property is the responsibility of the property owner.

The Municipality provides year round solid waste collection for residents along with providing the Services Plus Program, Toxic Roundup, Large Item for Seniors, and the Community Yard Waste Site. The Crowsnest Pincher Creek Landfill accepts solid waste which the Municipality pays the tipping fees for residents if under 500kg. If you have any questions regarding any of these services, please call 403-563-2220.

Service Plus Program

The Municipality offers a Service Plus program each spring and fall. This program allows residents to bring large household items to the Service Plus locations for convenient disposal.

This includes items such as furniture or appliances; fridges and freezers containing Freon will be charged a \$25.00 fee that must be purchased in advance at the Municipal office prior to bringing to the site.

Service Plus is not intended for commercial or construction materials; no toxic materials will be accepted including tires, oil, paint, electronics.

Large Item Residential Pick-Up for Seniors and Residents with Disabilities

Every May, the Municipality offers Residents over 60 years old and those with disabilities to have up to 3 large items picked up for disposal from their curb. Residents must fill out a form available at the Municipal Office to arrange for pickup.

There is a \$25 fee for Freon removal from fridge or freezer that must be purchased in advance at the Municipal office.

Toxic and E-waste Round-up

Each year in June, the Municipality teams up with Alberta Recycling to collect your old computers, TVs, paint, oil, car (lead acid) batteries, brake and transmission fluid, printers, computer cables, servers, keyboards, and other household hazardous materials.

Please visit www.albertarecycling.ca or call 1-888-999-8762 for more information on electronics and paint recycling.

Spring Street Sweeping

Each spring, Municipal crews set out to clean the streets from the winter build-up of sand and gravel. Signs are typically posted prior to sweeping in each area and we ask that everyone please remove vehicles from streets to allow the sweeper to access the entire street and to use extra caution when traveling near equipment and workers.

Community Yard Waste Site

The Community Yard Waste Site, located at 1152 – 148 Street in the Frank Industrial Park, is open seasonally.

Grass clippings and tree branches can be dropped off in the yard waste site. Anything larger than 6" in diameter will not be accepted. All loads are subject to inspection.

Hours of operation:

Monday-Friday 7:30am - noon & 12:30pm - 2:30pm

Saturday-Sunday 11:00am - noon & 12:30pm - 2:30pm

No Dumping in the Frank Industrial Area

The lot next to Devlin's Towing in the Frank Industrial Park is a NO DUMPING area. It is illegal under Alberta's Environmental Protection and Enhancement Act to dump on public or private property without consent. Violators will be prosecuted.

Please ensure disposal of waste and metal is done properly at the Crowsnest Pincher Creek Landfill.
