

Pass Community Pool

Our facility underwent a major transformation that started in August of 2016 and was completed in July of 2017 with the work being done by Western Recreation. The Municipality of the Crowsnest Pass saw the need and had the vision for a new improved facility where residents and visitors to the area can enjoy, compete, and play for many years to come.

Watch for Special Events during weekend public swim times. Join us for themed parties such as Hawaiian, Under the Sea, Last Splash Bash, Pool Olympics, and Beach Day! And we are always thinking of new events!
