In the Event of an Emergency

- Alberta Emergency Alert is designed to broadcast to all LTE-enabled devices in the province. Before an emergency occurs ensure that province-wide testing has reached your device and if it hasn't, you can download the App directly.
- Follow the Municipality on Facebook - receive timely information directly from the Municipality. Please be advised - other community pages that are not operated by the Municipality are outside of our control and may contain inaccurate information or direction.
- Listen to the local Real Country Radio station (94.9 fm).
